API Documentation

API Endpoints

Endpoint: /api/event/add

Method: POST

Request Body:

| Field | Туре | |
|-----------|----------------------------|--|
| Reference | #/components/schemas/Event | |

Endpoint: /userController/userId/{id}

Method: PATCH

Parameters:

| Name | Туре | Required | ln . |
|------|---------|----------|------|
| id | integer | Yes | path |

Request Body:

| Field | Туре |
|-----------|---------------------------|
| Reference | #/components/schemas/User |

Method: GET

Parameters:

| Name | Туре | Required | I n |
|------|---------|----------|------------|
| id | integer | Yes | path |

Method: DELETE

Parameters:

| Name | Туре | Required | In |
|------|---------|----------|------|
| id | integer | Yes | path |

Endpoint: /report/update/{reportId}

Method: PUT

| Name | Туре | Required | In |
|----------|---------|----------|------|
| reportId | integer | Yes | path |

Request Body:

| Field | Туре |
|-----------|-----------------------------|
| Reference | #/components/schemas/Report |

Endpoint: /supplier/previous-work/get-all

Method: GET

Request Body:

| Field | Type | |
|-----------|------------------------------|--|
| Reference | #/components/schemas/Profile | |

Endpoint: /notification/search-by-status/{status}

Method: GET

Parameters:

| Name | Type | Required | I n |
|--------|--------|----------|------------|
| status | string | Yes | path |

Endpoint: /supplier/previous-work/get-previous-work-by-id

Method: GET

Parameters:

| Name | Туре | Required | ln . |
|------|--------|----------|-------|
| id | string | Yes | query |

Endpoint: /birthday-parties/get-name/{ownerName}

Method: GET

Parameters:

| Name | Туре | Required | ln . |
|-----------|--------|----------|------|
| ownerName | string | Yes | path |

Endpoint: /birthday-parties/delete/{id}

Method: DELETE

Parameters:

| Name | Туре | Required | I n |
|------|---------|----------|------------|
| id | integer | Yes | path |

Endpoint: /admin/exists/{adminId}

Method: GET

Parameters:

| Name | Туре | Required | ln . |
|---------|---------|----------|------|
| adminId | integer | Yes | path |

Endpoint: /auditHistory/add

Method: POST

Request Body:

| Field | Туре |
|-----------|-----------------------------------|
| Reference | #/components/schemas/AuditHistory |

Endpoint: /supplier/bookingslot/update-bookingSlot

Method: PUT

Request Body:

| Field | Туре |
|-----------|----------------------------------|
| Reference | #/components/schemas/BookingSlot |

Endpoint: /notification/update-notification

Method: PUT

Request Body:

| Field | Туре |
|-----------|-----------------------------------|
| Reference | #/components/schemas/Notification |

Endpoint: /messages/search/{mid}

Method: GET

| Name | Туре | Required | ln . |
|------|---------|----------|------|
| mid | integer | Yes | path |

Endpoint: /supplier/add

Method: POST

Request Body:

| Field | Туре |
|-----------|-------------------------------|
| Reference | #/components/schemas/Supplier |

Endpoint: /review/getAll

Method: GET

Endpoint: /review/deleteByReviewId/{id}

Method: DELETE

Parameters:

| Name | Туре | Required | In |
|------|---------|----------|------|
| id | integer | Yes | path |

Endpoint: /messages/{mid}

Method: GET

Parameters:

| Name | Туре | Required | In |
|------|---------|----------|------|
| mid | integer | Yes | path |

Endpoint: /supplier/venue/outdoorevent/getAll

Method: GET

Endpoint: /supplier/music/package/get-by-id

Method: GET

| Name | Туре | Required | In |
|------|---------|----------|-------|
| id | integer | Yes | query |

Endpoint: /notification/search-by-type/{type}

Method: GET

Parameters:

| Name | Type | Required | I n |
|------|--------|----------|------------|
| type | string | Yes | path |

Endpoint: /api/wedding/get-all

Method: GET

Endpoint: /search_history/delete/{id}

Method: DELETE

Parameters:

| Name | Туре | Required | In |
|------|---------|----------|------|
| id | integer | Yes | path |

Endpoint: /messages/read/{mid}

Method: GET

Parameters:

| Name | Туре | Required | In |
|------|---------|----------|------|
| mid | integer | Yes | path |

Endpoint: /event_report/get_all_event_report

Method: GET

Endpoint: /admin/add

Method: POST

Request Body:

| Field | Туре |
|-----------|----------------------------|
| Reference | #/components/schemas/Admin |

Endpoint: /supplier/salon/image/update

Method: PUT

Request Body:

| Field | Туре |
|-----------|---------------------------------|
| Reference | #/components/schemas/SalonImage |

Endpoint: /supplier/reply/add-reply

Method: POST

Request Body:

| Field | Туре |
|-----------|----------------------------|
| Reference | #/components/schemas/Reply |

Endpoint: /supplier/chat/image/create

Method: POST

Request Body:

| Field | Туре |
|-----------|--------------------------------|
| Reference | #/components/schemas/ChatImage |

Endpoint: /supplierverificationRequest/find-by-id/{id}

Method: GET

Parameters:

| Name | Туре | Required | In |
|------|---------|----------|------|
| id | integer | Yes | path |

Endpoint: /supplier/Room/delete

Method: DELETE

Request Body:

| Field | Туре |
|-----------|---------------------------|
| Reference | #/components/schemas/Room |

Endpoint: /supplier/Hall/get-all

Method: GET

| Field | Туре |
|-----------|------------------------------|
| Reference | #/components/schemas/Profile |

Endpoint: /supplier/catering/get/{id}

Method: GET

Parameters:

| Name | Туре | Required | ln . |
|------|---------|----------|------|
| id | integer | Yes | path |

Endpoint: /supplier/music/package/delete

Method: DELETE

Parameters:

| Name | Туре | Required | ln . |
|------|---------|----------|-------|
| id | integer | Yes | query |

Endpoint: /supplier/Hall/update

Method: PUT

Request Body:

| Field | Туре |
|-----------|---------------------------|
| Reference | #/components/schemas/Hall |

Endpoint: /api/venue/update/{id}

Method: PUT

Request Body:

| Field | Туре |
|-----------|----------------------------|
| Reference | #/components/schemas/Venue |

Endpoint: /supplier/quick-reply/get-all

Method: GET

| Field | Туре |
|-----------|-------------------------------|
| Reference | #/components/schemas/Supplier |

Endpoint: /api/v1/transactions/history/byDate/{date}

Method: GET

Parameters:

| Name | Type | Required | I n |
|------|--------|----------|------------|
| date | string | Yes | path |

Endpoint: /supplier/bookingslot/add

Method: POST

Request Body:

| Field | Туре |
|-----------|----------------------------------|
| Reference | #/components/schemas/BookingSlot |

Endpoint: /api/get-together/get-all

Method: GET

Endpoint: /api/v1/transactions/history/byUserId/{id}

Method: GET

Parameters:

| Name | Туре | Required | I n |
|------|---------|----------|------------|
| id | integer | Yes | path |

Endpoint: /supplier/venue/pool/update-pool

Method: PUT

Request Body:

| Field | Туре |
|-----------|---------------------------|
| Reference | #/components/schemas/Pool |

Endpoint: /api/wedding/get/{id}

Method: GET

| Name | Type | Required | In |
|------|--------|----------|------|
| id | string | Yes | path |

Endpoint: /api/venue/search/{id}

Method: GET

Parameters:

| Name | Туре | Required | ln . |
|------|---------|----------|------|
| id | integer | Yes | path |

Endpoint: /api/venue/get-all

Method: GET

Endpoint: /api/agenda/update

Method: PUT

Request Body:

| Field | Туре |
|-----------|-----------------------------|
| Reference | #/components/schemas/Agenda |

Endpoint: /supplier/venue/property/image/delete/{id}

Method: DELETE

Parameters:

| Name | Туре | Required | I n |
|------|---------|----------|------------|
| id | integer | Yes | path |

Endpoint: /api/anniversary/delete/{eventId}

Method: DELETE

Parameters:

| Name | Туре | Required | In |
|---------|---------|----------|------|
| eventld | integer | Yes | path |

Endpoint: /supplier/beauty/package/update

Method: PUT

Request Body:

| Field | Туре |
|-----------|------------------------------------|
| Reference | #/components/schemas/BeautyPackage |

Endpoint: /supplier/salon/image/getAll

Method: GET

Endpoint: /supplier/search/{id}

Method: GET

Parameters:

| Name | Туре | Required | ln . |
|------|--------|----------|------|
| id | string | Yes | path |

Endpoint: /supplier/catering/all

Method: GET

Endpoint: /api/get-together/update

Method: PUT

Request Body:

| Field | Туре |
|-----------|----------------------------------|
| Reference | #/components/schemas/GetTogether |

Endpoint: /review/getSummaryById/{id}

Method: GET

Parameters:

| Name | Туре | Required | ln . |
|------|---------|----------|------|
| id | integer | Yes | path |

Endpoint: /supplierverificationRequest/update/{id}

Method: PUT

| Name | Туре | Required | ln . |
|------|---------|----------|------|
| id | integer | Yes | path |

Request Body:

| Field | Туре |
|-----------|--|
| Reference | #/components/schemas/VerificationRequest |

Endpoint: /supplier/category/add

Method: POST

Request Body:

| Field | Туре |
|-----------|-------------------------------|
| Reference | #/components/schemas/Category |

Endpoint: /messages/delete/{mid}

Method: DELETE

Parameters:

| Name | Type | Required | I n |
|------|---------|----------|------------|
| mid | integer | Yes | path |

Endpoint: /messages/all

Method: GET

Endpoint: /event_report/delete/{id}

Method: DELETE

Parameters:

| Name | Туре | Required | In |
|------|---------|----------|------|
| id | integer | Yes | path |

Endpoint: /supplier/delete

Method: DELETE

| Name | Туре | Required | I n |
|------|---------|----------|------------|
| id | integer | Yes | query |

Endpoint: /user-report/get/{id}

Method: GET

Parameters:

| Name | Type | Required | I n |
|------|---------|----------|------------|
| id | integer | Yes | path |

Endpoint: /supplier/venue/update

Method: PUT

Request Body:

| Field | Туре |

Endpoint: /birthday-parties/get-id/{id}

Method: GET

Parameters:

| Name | Type | Required | I n |
|------|---------|----------|------------|
| id | integer | Yes | path |

Endpoint: /api/agenda/get/{id}

Method: GET

| Name | Туре | Required | ln . |
|------|---------|----------|------|
| id | integer | Yes | path |

Endpoint: /supplier/bookingslot/delete/{id}

Method: DELETE

Parameters:

| Name | Type | Required | I n |
|------|---------|----------|------------|
| id | integer | Yes | path |

Endpoint: /api/event/delete/{id}

Method: DELETE

Parameters:

| Name | Type | Required | I n |
|------|---------|----------|------------|
| id | integer | Yes | path |

Endpoint: /supplier/previous-work/delete-by-id

Method: DELETE

Parameters:

| Name | Туре | Required | I n |
|------|---------|----------|------------|
| id | integer | Yes | query |

Endpoint: /supplier/terms/active/{profileId}

Method: GET

Parameters:

| Name | Туре | Required | In |
|-----------|---------|----------|------|
| profileId | integer | Yes | path |

Endpoint: /api/event/update

Method: PUT

Request Body:

| Field | Туре |
|-----------|----------------------------|
| Reference | #/components/schemas/Event |

Endpoint: /supplier/venue/get-all

Method: GET

Endpoint: /supplier/category/search/{query}

Method: GET

Parameters:

| Name | Туре | Required | I n |
|-------|--------|----------|------------|
| query | string | Yes | path |

Endpoint: /supplier/terms/get/{id}

Method: GET

Parameters:

| Name | Туре | Required | I n |
|------|---------|----------|------------|
| id | integer | Yes | path |
